Description

Pickup4x4 Ltd.'s Limitless Accessories® are the ONLY 90mm Oval Shaped bullbars to hold the EU type approval for on-road use throughout Europe and beyond and all of our products are manufactured from SUS 304 high-quality stainless steel with a 3-year warranty. Our bullbars are offered in 4 versions; standard, exclusive, standard with integrated LED driving light, and exclusive with integrated LED driving light. There are also 3 finishes that are available depending on the version you choose; polished, matte black, and rugged black.

EXCLUSIVE

Polished - This version is for the driver that would like the added protection of a bullbar and additional protection from debris that may come up from the road that is below the protective level of the standard bullbar. This is all accomplished while keeping the high gloss look of the vehicle's overall appearance. It also boasts the capability of being able to providing additional driving light in the event of inclement weather conditions or times of poor visibility.

The 90mm Front Bar for your vehicle features:

Made from non-ordinary stainless steel

Hand polished, 90mm tubing

Designed to give excellent protection from bumps and low-speed impacts

Non-drill fitting

Comes complete with fitting kit and fitting instructions specific for your vehicle.

Enhance the look of your vehicle today with one of our premium Limitless® Bullbars.
