Through our partnership with Wheel Pros we have developed and launched a joint product line of Special Edition wheels for pickup trucks that carry the Wheel Pros brand name along with the Limitless Accessories® trademark. We work together with Wheel Pros to develop the best option for every pickup truck customer. Our partnership with Wheel Pros gives you the confidence of knowing that our Limitless Accessories® wheels are made from an industry leader with an exemplary quality and customer service record.

We will be expanding our options as our customer's requirements dictate but we feel the current styles meet the desires of the majority of pickup truck customers. Almost all of our designs are available in multiple colors and finishes. Wheels with bolt on spokes allow for the spokes to be available in virtually any color you desire.
